Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from School Gymnastics With Light Apparatus, Vol. 2: Fifth and Sixth Years Each grade of work is arranged in eighteen lessons, extending over half of the school year. This does not cover the entire term of most school sessions, as it is considered best to use review work during times of examination and promotion, rather than to tax pupils with new exercises at such times. While each course is complete in itself, the two kinds of work are designed to be interchanged - half of the school year to be devoted to free hand exercise and the succeeding half to the apparatus.
