## A BEGINNER'S GUIDE TO THE MMPI-2 (HARDBACK)

To read **A Beginner's Guide to the MMPI-2 (Hardback)** PDF, remember to refer to the link under and save the ebook or gain access to other information which might be have conjunction with A BEGINNER'S GUIDE TO THE MMPI-2 (HARDBACK) book.

American Psychological Association, United States, 2011. Hardback. Condition: New. 3rd ed.. Language: English . Brand New Book. In clear, accessible language, this book introduces readers to the Minnesota Multiphasic Personality Inventory-2 (MMPI-2), the most widely researched and broadly used personality assessment instrument. James N. Butcher, one of the authors of the MMPI-2, explains how the instrument was developed to describe and predict behavior in a range of applied settings. Guidance is provided for administering and interpreting the results, with case studies to illustrate major concepts. Several updates have been made since the previous edition of this popular book, including new interpretive information on the MMPI-2, new areas for application of the MMPI-2, and--most importantly--a new chapter on the MMPI-2 Restructured Form (MMPI-2-RF), a separate short instrument that beginners may confuse with the MMPI-2. This user-friendly but comprehensive primer is essential reading for nonpsychologist professionals who need a quick overview of the test, as well as for students of clinical and personality assessment who seek a reliable introductory text.
