

Climatology

By Ravi Malhotra

Global Vision Publishing House, 2010. Hardcover. Book Condition: New. The Book entitled Climatology is a comprehensive description and explanation of all the forces and factors dealing with climate and its overall effect on human and environmental conditions. For a clear and complete understanding of the phenomenon of climate, the book has been divided into four units. The book is the original and most comprehensive treatment of the issue. The author has made very serious endeavour to have a systematic and scientific study of the entire gamut of climate with a particular focus on India. CONTENTS Preface (v) Unit?I: The Basics 1.
