University of Hawai i Press, United States, 2012. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. This workbook accompanies the thoroughly revised edition of Integrated Korean: Intermediate 1, the third volume of the best-selling series developed collaboratively by leading classroom teachers and linguists of Korean. All series volumes have been developed in accordance with performance-based principles and methodology-contextualisation, learner-centeredness, use of authentic materials, usage-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced in simple but adequate explanations and abundant examples and exercises. Each situation/topic-based lesson of the main texts consists of model dialogues, narration, new words and expressions, vocabulary notes, culture, grammar, usage, and English translation of dialogues. In response to comments from hundreds of students and instructors of the first edition, this new edition features a more attractive two-colour design with all new photos and drawings and an additional lesson and vocabulary exercises. Lessons are now organised into two main sections, each containing a conversational text (with its own vocabulary list) and a reading passage. This workbook, newly written, provides students with extensive skill-using activities based on the skills learned in the main text.
