And it isn't anything a remote luxury island can fix. After a long undercover mission, he and the guerrilla cartel he's infiltrated are traveling to an exchange when a storm washes them ashore. The resort's guests are taken hostage, and he can either keep his cover intact or save their lives. To complicate matters even further, there's a beautiful captive who may just be his salvation. Each of the visitors to the island arrives harboring different fears, but they are about to confront the ultimate fear of all, a struggle between life and death. In the midst of the turmoil, Chris begins to realize that perhaps death isn't her greatest challenge after all.
