Customer Reviews There are not many books out there that I have found that I actually laugh out loud to! This was one exception! Great concept, Brilliantly written and something that pretty much everyone can relate to! I really enjoyed this and have truly laughed out loud several times (much to the annoyance of people around me) so that makes it a winner for me! I downloaded the book today, and am RACING through it. It is witty, pithy and extremely well written. This had me laughing all the way through, a great read after a stressful day too! This is an absolutely hilarious book. I highly recommend it...
