Naval Institute Press. Paperback. Book Condition: New. Paperback. 370 pages. Dimensions: 8.9in. x 5.9in. x 1.0in. This biography completes a trilogy on the three Navy fighter pilots--Jimmie Thach, Butch OHare, and Jimmy Flatley--who developed sweeping changes in aerial combat tactics during World War II. While OHare and Flatley were instrumental in making the weave a success, Thach was its theoretical innovator, and his use of the tactic in combat at Midway documented its practical application. This portrait of the famous pilot provides a memorable account of how Thach, convinced that his Wildcat was no match for Japans formidable Zero, found a way to give his squadron a fighting chance. Using matchsticks on his kitchen table, he devised a solution that came to be called the Thach Weave. But as Steve Ewing is quick to point out, this was not Thachs sole contribution to the Navy. Throughout his forty-year career, Thach provided answers to multiple challenges facing the Navy, and his ideas were implemented service wide. A highly decorated ace, Thach was an early test pilot, a creative task force operations officer in the last year of World War II, and an outstanding carrier commander in the Korean War. During the Cold War, he contributed to advances in antisubmarine warfare. This biography shows him to be a charismatic leader interested in everyone around him, regardless of rank or status. His dry sense of humor and constant smile attracted people from all walks of life, and he was a popular figure in Hollywood. Thach remains a hero among naval aviators, his most famous combat tactic still used by todays pilots. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
