By Steve Wright

Apress. Paperback. Condition: New. 440 pages. Dimensions: 9.1in. x 7.5in. x 1.2in. To get ahead in today's hyper-competitive marketplace, your business has to take advantage of the data you already have and mine that data to give you new insight, metrics, and clues to what drives successful customer interactions. In Pro SharePoint 2013 Business Intelligence Solutions, you'll learn exactly how to unlock that magic, build business intelligence facilities on SharePoint, and glean insights from data to propel your business to the next level. To understand the various business intelligence offerings in SharePoint 2013, you need to understand the core SQL Server business intelligence concepts, and the first part of the book presents a comprehensive tutorial on those fundamentals. Pro SharePoint 2013 Business Intelligence Solutions then focuses on specific SharePoint business intelligence investments including: Visio Services Excel Services SQL Server Reporting Services Business Connectivity Services Power View and PerformancePoint Services. Authors Manpreet Singh, Sha Anandan, Sahil Malik, and Steve Wright walk you through all of this material comprehensively in practical, hands-on format, with plenty of examples to empower you to use these products in your real-life projects. As compelling as SharePoint and SQL Server business intelligence are together, the challenge always has been...

Reviews

This is an awesome publication I have at any time read. Of course, it is playful, still an interesting and amazing literature. You will like just how the author writes this book.

This book is definitely not effortless to start on reading through but extremely fun to learn. Better than never, though I am quite late in starting to read this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
